

Vision Statement:

Short Term:

To provide mobilization, structure, and headship to an evangelistic neighborhood house church network. To reach the lost and unchurched and provide a nurturing environment for families to learn, grow, worship and be used by God. To help families be united, strong and dependent upon God. To provide ongoing evangelistic and discipleship ministry to children in local parks and yards on a weekly basis. To evangelize youth and provide them with their own home fellowship meetings where they will be disciplined and trained for ministry opportunities in a nurturing, worshipful atmosphere. To create a worshipful atmosphere where Gods presence dwells.

Long Term:

To multiply the three tier (family, youth and children) house churches into every neighborhood in Pensacola and whatever other area God gives us leaders for, completely evangelizing cities and areas, giving every child, youth and adult in those areas an opportunity to be disciplined in their own neighborhood. To have regular monthly network united services, where all the churches in one area comes together to worship. To open youth centers that will have almost nightly worship, preaching, prayer or fellowship for area youth of all denominations. To raise up, mentor and give opportunity to anointed musicians. To provide anointed music to the body of Christ. To open healing houses and intercessory houses. To raise up anointed pastors, teachers, prophets, evangelists and apstoles to send throughout the earth at Gods direction. To take the love of Jesus to the ends of the earth in whatever way God shows us.
